Dear M. J. Here we stopped  
and picked grapes at an  
experimental farm in  
connection with Fresno  
State College. Real sweet  
small white ones in huge  
bunches. We also picked  
about three Sun Maid raisin  
plants - free raisins. Very hot  
here - We have had lovely  
weather and are now  
looking forward to San  
Francisco. We have had to  
get up very early to make  
pub. by Hellbronn-Jones Film Service,
